

Privacy Policy

This privacy statement has been created in order to demonstrate our firm commitment to protecting your privacy.

Information We Collect

When you visit our site and schedule service, we need your contact information including your name, e-mail address and address, we may also collect some basic information that does not identify individual users. We may use this information to determine our users demographics and interests, so that we can better understand and serve our users.

Cookies

Cookies are small files which store certain information about your activity on the web site and are stored on your computers hard drive. Our cookies do not contain any personally identifying information. We use cookies to let us know that you are a prior customer, so that you don't have to reenter information you gave us on your prior visits.

Our Use and Disclosure of Your Information

If you send us personal correspondence, such as emails or letters, or if other users or third parties send us correspondence about your activities on our site, we may collect such information. We may use that information and other information that we obtain from your use of our site to resolve disputes, troubleshoot problems and enforce our agreement for

Terms of Use.

We cannot ensure that all of your private communications and other personally identifiable information will never be disclosed in ways not otherwise described in this Privacy Statement. For example, we may be required to disclose information to the government or third parties under certain circumstances, or third parties may unlawfully intercept or access transmissions or private communications. We can (and you authorize us to) disclose any information about you to law enforcement or other government officials as we, in our sole discretion, believe necessary or appropriate in connection with an investigation of fraud, intellectual property infringements, or other activity that may be illegal or may expose us to legal liability.

Security

This site has security measures in place to protect the loss, misuse and alteration of the information under our control.

All user credit card information is securely communicated using secure socket layer (SSL) software, which is the industry standard and among the best software available for secure commerce transactions.

All user information stored on our server is stored in an encrypted format. Notwithstanding these efforts, we caution you that perfect security does not exist on the Internet.

Linked Sites

If this site contains any links to other web sites, we are not responsible for the privacy practices or the content of such web sites

Changes to Privacy Statement; Consent

We may update this Privacy Statement from time to time. You should check this page periodically for changes. By using our site, you consent to the collection and use of your information by us as described in this Privacy Statement.

Questions and Comments

We welcome your questions and comments about this Privacy Statement.
